Front-End Engineer | Los Angeles, CA | [LinkedIn](#) | [GitHub](#)

## Skills

Agile - Scrum - Figma - Asana - Kanban - Influencing **Languages:** HTML - CSS - JavaScript - Python **Libraries & Frameworks:** React.js - React Native - Express - Node.js - Django - TailwindCSS - Bootstrap **Databases:** MongoDB - PostgreSQL **Other:** Jira - CLI - Github - VSCode - Slack - Box - Adobe (Illustrator, Photoshop, Fresco)

## Experience

### Hack for LA - Front End Developer Volunteer

Nov 2023 - Present

- Communities of Practice Co-lead
  - Share effective practices, give and get mentorship, set development standards, and create guides for new projects.
- hackforla.org - Maintaining and updating existing codebase for Hack for LA website for up to date information. Tech includes: Jekyll, Docker, Github, and Figma.
  - Reviewing and approving pull requests of fellow volunteers.
  - Contributed to the Hack for LA wiki.
- LADOT TDM Calculator - working with a cross-functional team to make adjustments to finalize the application for launch. Tech includes: React, JavaScript, HTML, CSS, Github, and Figma.
  - Merge approved pull requests into the projects develop branch.
  - Converted SCSS CSS to JSS CSS in order to standardize CSS implementation.

### General Assembly, New York, NY - Software Engineering - Certificate

May 2023 - Aug 2023

- Project - **Book Guide** - Created MERN-Stack CRUD App that interfaced with The New York Times best sellers list API, enhancing the reading selection process.
- Project - **JavaBook** - Contributed to a Full-stack Django CRUD App for tracking coffee related items, collaborating with team members to deliver a comprehensive solution to coffee lovers.
- Project - **Beauty Organizer** - Constructed a MEN-Stack CRUD App for managing beauty products, demonstrating proficiency in end-to-end application development.
- Project - **Personal Portfolio Website** - Implemented HTML, CSS, JavaScript, and w3.css to showcase software engineering skills, highlighting web development capabilities.

### MGM Studios an Amazon Company, Culver City, CA - Buyer, Purchasing

Mar 2022 - Apr 2023

- Strategically researched, analyzed, and skillfully negotiated potential savings of up to \$10,000 per contract.

### MGM Studios, Beverly Hills, CA - Buyer, Purchasing

June 2016 - Mar 2022

- Conducted thorough review of purchase requests, assessing potential cost savings prior to processing.
- Prepared comprehensive analyses of office supply procurement, contributing to data-driven decision-making.
- Managed and administered the company's Staples Advantage accounts, ensuring streamlined procurement processes.
- Proficiently handled Purchase Orders (POs), Goods Receipts (GRs), and vendor interactions within the SAP system.
- Orchestrated the successful scheduling of the Laptop Encryption Project, facilitating collaboration between the MCS team and user community.
- Handled the SAP Virtual Role Project, meticulously analyzing transaction codes and creating detailed documentation of the findings.

- Provided administrative support to executives, enabling smooth operations and efficient communication.

**MarVista Entertainment, Los Angeles, CA - Development Intern**

Jan 2016 - May 2016

- Provided comprehensive script coverage and contributed to the creation of engaging treatments, utilizing a keen understanding of narrative elements, character development, and storytelling techniques to support the development of captivating film/tv concepts.

**Samantha H Han MD, Burbank, CA - Receptionist**

April 2010 - July 2011

- Thoroughly assessed insurance coverage and facilitated the submission of authorizations for both surgical procedures and office visits, ensuring seamless administrative processes for patient's medical care.
- Provided comprehensive guidance to new staff members regarding front desk responsibilities.

**United Escrow, Los Angeles, CA - Receptionist**

April 2009 - April 2010

- Proficiently handled incoming phone calls, adeptly addressing inquiries and providing excellent customer service while maintaining a professional and welcoming demeanor.

**Tyte Jeans, Commerce, CA - Denim Designer**

July 2008 - Oct 2008

- Spearheaded the design and development of approximately 100 denim and non-denim bottoms monthly, showcasing a dynamic range of styles and creativity.
- Collaborated with cross-functional teams: patternmakers, sewers, and vendors, driving the seamless realization of design concepts from inception to production.
- Proficiently utilized Adobe Illustrator to produce intricate technical sketches, a pivotal step in materializing design concepts with precision.
- Innovated eye-catching embroidery designs adorning denim back pockets and coin pockets, amplifying the distinct personality of each garment.
- Skillfully optimized material usage and curated denim washes to craft budget-conscious clothing that exuded a high-end aesthetic.

**Cyne Design, Beverly Hills, CA - Denim Designer**

June 2007 - July 2008

- Conceptualized and crafted innovative designs for denim and non-denim bottoms catering to 10 distinct junior markets annually.
- Employed Adobe Illustrator to meticulously create technical sketches, translating creative visions into detailed design references.
- Designed embroidery motifs for denim back pockets and coin pockets, infusing a distinctive aesthetic touch into each garment.
